

THE AMBASSADOR OF CYPRUS TO PORTUGAL VISITS IDEA

It was wonderful to have with us the Ambassador of Cyprus to Portugal, HE Andreas Ignatiou, to discuss ways of further promoting Cyprus on the international innovation scene. On the same day, we had the pleasure to also welcome Alexander Apostolides and Natasa Christou who offered their valuable insights and experience to our upcoming new cycle startups. Thank you for helping, thank you for sharing, thank you for inspiring!

COLLABORATION BETWEEN IDEA, BOC CULTURAL FOUNDATION & RISE

It felt great to have with us our friends from RISE, Yiorgos Chrysanthou and Spyros Nikolaou and from Bank of Cyprus Cultural Foundation, Ioanna L. Hadjicosti regarding collaboration in the area of bringing culture and arts nearer to technology. Such initiatives aim to strengthen the Cypriot Cultural and Art landscape and build bridges between research and the business sector. We are thrilled to be a part of this cooperation!

WORKSHOP ON "I.T.-CORPORATE CULTURE"

IDEA had the pleasure to host a workshop on 'IT- Corporate Culture' delivered by our colleagues Andreas Alexandrou and Demetris Papallis from the Bank of Cyprus. Participants were a large number of employees from the Bank of Cyprus, working in teams, exploiting new routes on further strengthening the cultural landscape in Bank of Cyprus IT Department. It is a great honour for us to host such events at our premises and we invite similar initiatives in the future.

IDEA AT OPEN DISCUSSION "RESEARCH - INNOVATION - DEVELOPMENT"

IDEA attended the Open Discussion on "Research – Innovation & Development" organised by the Research Promotion Foundation. Its brilliant to see a room FULL of people, from all sectors, eager to discuss the promotion of innovation in our country! Special highlight of the evening: The aspiration of our Chief Scientist: "We are all good captains in our very good ships. We just need to work in a collaborative way, move towards a common direction". Congratulations to all participants who expressed their opinions and contributed with their valuable comments.
